- **Cross-Functional Collaboration:** Vendor Management, High-Stakes Event Logistics, Customer Success, Team Leadership
- **Global Business Domain:** International Trade Procedures, EXIM Documentation, Supply Chain & Inventory Control

PROFESSIONAL EXPERIENCE & PRACTICAL INTERNSHIPS

Business Development & Client Outreach Intern | Pencil Mark Solutions (Bengaluru • Internship)

- Spearheaded targeted B2B client acquisition campaigns, executing structured outbound telephonic and digital outreach to corporate real estate and commercial interior prospects.
- Assisted senior partners in developing detailed commercial proposals, project quotation schedules, and high-impact boardroom presentation decks.
- Managed prospective client follow-up cycles, qualifying inbound requirements and coordinating introductory discovery sessions.

Operations & Data Verification Intern | Instawork Services India (Bengaluru • Internship)

- Curated, structured, and audited mission-critical operational datasets powering engineering, robotics, and warehouse AI systems.
- Enforced strict quality assurance benchmarks across spreadsheet matrices, diagnosing data discrepancies and delivering clean verification logs to senior technical managers.
- Collaborated with cross-functional operations squads to streamline repetitive data ingestion workflows.

Commercial Operations & Stall Coordinator | AERO India International Exhibition (Yelahanka AFB, Bengaluru • High-Profile Contract)

- Orchestrated end-to-end pavilion operations, welcoming global aerospace delegates, VIP trade visitors, and defense industry leaders under intense footfall.
- Managed booth inventory control, marketing collateral supply chains, and technical inquiry logs with zero downtime or stock depletion.
- Interfaced directly with event organizers, technical ground crew, and senior leadership to ensure flawless exhibition brand presence.

Head of Operations & Logistics Coordinator | University Concerts & Cultural Productions (Bengaluru • Campus Leadership)

- Directed cross-functional student teams and external technical vendors for sound, lighting, stage infrastructure, and crowd security for 1,000+ attendee events.
- Supervised VIP artist hospitality, travel itineraries, backstage green-room management, and time-critical schedule execution.
- Resolved real-time operational bottlenecks under pressure, receiving formal university commendations for flawless execution.

Operations Assistant & Inventory Associate | Family Retail Enterprise (Kolkata / Bengaluru • Family Business)

- Oversaw daily counter billing, register reconciliations, inventory audits, and supplier restocking across 1,000+ fast-moving SKUs.
- Negotiated repeat replenishment schedules with regional wholesale distributors, verifying commercial invoices and delivery receipts.

FLAGSHIP PROJECTS & AI INNOVATION PORTFOLIO

Architect & Creator | Personal Digital Universe (adi-digital-universe.ai.studio) (Global Web Deployment • Live Cloud Asset)

- Conceptualized, architected, and deployed a modern cloud-hosted personal portfolio and web applications leveraging generative AI tools, prompt architecture, and modern web frameworks.
- Maintained active, version-controlled GitHub repositories (github.com/AdityaMehra007) demonstrating practical software deployment and automation capabilities.

Project)

- Engineered Python data aggregation pipelines scraping and standardizing 1,600+ job requisitions, 4,500 target employers, and 1,700+ verified HR contacts across Bengaluru.
- Designed turnkey mail-merge automation matrices generating customized B2B outreach copy and pre-formatted mailto dispatch protocols.
