

ADITYA MEHRA

GLOBAL BUSINESS OPERATIONS & ANALYTICS ASSOCIATE

Bengaluru, Karnataka, India | +91 7003456624 | ashishiash007@gmail.com | linkedin.com/in/aditya-mehra

PROFESSIONAL SUMMARY

Final-year International Business graduate (BBA, Dayananda Sagar University, Class of 2026) with verified on-ground execution capabilities across large-scale event operations (Aero India 2025, 300+ brand activations) and commercial logistics. Proven ability to translate complex operational workflows into standard operating procedures (SOPs), reduce manual status reconciliation by 25% using Advanced Excel (Power Query, Dynamic Arrays) and Python, and enforce strict multi-tier vendor SLA governance under high-security defense protocols.

CORE COMPETENCIES & TECHNICAL SKILLS

Core Capabilities: Business Operations, Process Mapping (SOPs), Vendor SLA Governance, Workflow Optimization, Advanced Excel (Power Query, PivotTables, Dynamic Arrays), Business Analysis, Cross-Border Logistics, Stakeholder Management, SQL Foundations, Jira & ClickUp.

Systems & Platforms: Advanced Excel (Power Query, Index/Match, Dynamic Arrays), Python (Data Pipelines), SQL Basics, Jira, ClickUp, ERP/CRM navigation, Google Workspace.

PROFESSIONAL & OPERATIONAL EXPERIENCE

Operations & Workflow Optimization Specialist — Commercial Logistics & Trade Operations | Bengaluru, India

2024 – Present

- Mapped and standardized end-to-end commercial transaction workflows, establishing structured SOPs that reduced weekly status reconciliation time by 25%.
- Engineered automated Excel Power Query models to consolidate cross-party shipment records, eliminating manual data-entry errors across high-volume transactions.
- Monitored vendor performance against contracted SLAs, identifying pricing anomalies across rate cards to optimize procurement spend.
- Designed weekly executive status reports and operational KPI dashboards for leadership decision support.

Event Operations & Ground Logistics Lead — Brand Activations & Live Deployments | Bengaluru, India

2024 – 2026

- Directed operational execution and run-of-show logistics across 300+ brand activations and large-scale deployments (Puma, Dyson, Google, Nykaa, OnePlus).
- Aero India 2025 (Yelahanka Air Force Station): Governed multi-vendor SLA setup, accreditation protocols, and visitor crowd flows for 100,000+ attendees under strict defense security protocols with zero shrinkage.
- TRILOGY Fusion Concert (Bengaluru Club, Jan 2026): Coordinated artist schedules, technical staging vendors, and VIP hospitality with 100% on-time execution.
- Instituted structured pre-event risk checklists and rapid-escalation channels, achieving zero vendor downtime across high-stakes engagements.

Commercial Research & Business Operations Intern — Pencil Mark Interior Solutions LLP | Bengaluru, India

July 2025 – August 2025

- Synthesized commercial client specifications into actionable project briefs, streamlining handoffs between design and site procurement teams.
- Maintained structured CRM records and vendor matrices, tracking milestone completion across commercial interior projects.
