INTERNSHIPS & PRACTICAL FIELD EXPOSURE

Community Operations & Compliance Intern — Non-Profit Social Initiative 2024 | Bengaluru, India

- Audited and verified personal identity documents (Government Photo IDs, address proofs) for 500+ program participants against compliance guidelines.
- Identified and flagged incomplete or mismatched identity submissions, initiating proactive follow-ups to maintain 100% KYC ledger compliance.
- Compiled structured compliance audit logs in Google Sheets, maintaining confidential participant data records with zero security breaches.

Operations & Data Verification Intern — Instawork Services India Pvt. Ltd. 2025 | Bengaluru, India

- Executed rigorous identity and credential validation checks on incoming user and partner registrations in compliance with internal policy SOPs.
- Sustained an exceptional **99.4% audit accuracy score** across complex multi-attribute compliance queues.
- Escalated suspicious submission patterns and forged documentation to senior quality leads, helping mitigate onboarding risk.

Commercial Operations Intern — Pencil Mark Interior Solutions LLP July 2024 – Aug 2025 | Bengaluru, India

- Conducted preliminary regulatory and statutory compliance checks on vendor GST registration certificates and business licenses before onboarding.
- Enforced contract milestone sign-offs prior to invoice approvals, ensuring strict auditability and preventing payment non-compliance.
- Maintained organized vendor documentation repositories, supporting internal commercial audits.

Financial Balancing & Cash Controls Lead — Salt in My Cocoa (Aero India 2025) Feb 2025 | Yelahanka Air Force Station, Bengaluru

- Audited and balanced daily sales transactions against merchant banking settlement reports, ensuring zero cash or digital discrepancies.
- Implemented secure dual-custody register verification protocols in a high-security defense environment.

TECHNICAL PROJECT & OPERATIONS AUTOMATION

Autonomous Operations & Workday Pipeline Engine — Student Automation Project 2026 | Python, SQLite, Workday API

- Architected an automated operational dispatcher in Python parsing 430+ enterprise job requisitions with 16/16 unit tests passing green.
- Built automated candidate-to-requisition taxonomy matching, validating skill keywords against Workday job descriptions with zero manual overhead.
