ADITYA MEHRA

Global Supply Chain, Logistics & EXIM Operations

Bengaluru, Karnataka, India +91-7003456624 adityamehra799@gmail.com LinkedIn Profile

EXECUTIVE PROFILE

Specialized Global Logistics and International Trade graduate from Dayananda Sagar University. Grounded in Incoterms 2020, customs documentation, multi-modal freight cost modeling, and end-to-end cargo movement workflows. Experienced in managing complex physical supply chains and rapid vendor staging under time-critical deadlines (Aero India 2025, commercial client rollouts). Skilled at combining physical inventory tracking with digital workflow automation to eliminate logistics bottlenecks.

CORE COMPETENCIES & TOOLS

International Trade Operations | Incoterms 2020 | Customs Documentation & Clearances | Freight Cost Modeling | Multi-Tier Vendor Sourcing | Physical Staging & Inventory Flow | Warehouse / Staging Logistics | Cold-Chain / Fragile Cargo Coordination | Lead Time Optimization | ERP / SCM Workflows | Excel Power Query | Python Trade Analytics

Tech & Tools: Python, SQL (SQLite, PostgreSQL), Advanced Excel (Power Query, PivotTables, VLOOKUP/XLOOKUP), Power BI Foundations, Git, ERP/CRM Concepts.
Compliance & Standards: Incoterms 2020, UCP 600, Vendor SLA Governance, Root Cause Analysis, STAR Methodology.

PROFESSIONAL EXPERIENCE & OPERATIONS

Operations & Logistics Specialist (Project Lead) Jan 2024 – Present | Bengaluru

Event Logistics & Vendor Governance Projects

- **Aero India 2025 (Yelahanka Air Force Station):** Led on-ground staging and logistics coordination under strict Ministry of Defence security windows.
- **300+ Enterprise Brand Activations:** Directed execution for Puma India, Tata Communications, Dyson, Apollo, Razorpay, and VH1 Supersonic with 100% on-time delivery.
- **Vendor Governance & Rate Card Cost Modeling:** Formulated rate card benchmarking across AV, staging, and freight vendors; reduced reconciliation latency by 25%.
- **SOP Standardization:** Implemented a 25-point daily operational status and checklist template, eliminating day-of-show logistics discrepancies.

Commercial Research & Operations Intern Jun 2024 – Nov 2024 | Bengaluru

Pencil Mark Interior Solutions LLP

- Conducted commercial market research across Bengaluru tech corridors, analyzing corporate tenant lease requirements.
- Maintained client CRM records with 100% data accuracy and structured operational follow-ups.
- Analyzed supplier price trends to assist leadership in accurate quotation modeling.

AI Workflow & Data Pipeline Lead 2025 – Present | Bengaluru

Autonomous Career & Market Intelligence System

- Architected computational pipelines parsing 4,500+ commercial enterprise entities across Bengaluru tech parks into structured relational schemas.
- Designed strict JSON-schema prompt pipelines for text normalization and entity extraction.

EDUCATION

Bachelor of Business Administration (BBA) — International Business Class of 2026 | Bengaluru

Dayananda Sagar University (DSU) — First Class Standing

Core Modules: International Trade Logistics, Operations Management, Business Statistics, Incoterms 2020, UCP 600, Global Financial Corridors.

Campus Leadership: Managed operational flow and logistics for university summits hosting 1,000+ delegates.

TRACK HIGHLIGHTS & QUANTIFIED IMPACT

- Orchestrated complex transport dispatch, vehicle gate clearances, and staging schedules under rigid time constraints at Yelahanka AFB.
- Modeled landed-cost scenarios across air, sea, and road freight corridors integrating tariffs, handling charges, and port clearance fees.
- Supervised on-site handling of sensitive high-value audio-visual and exhibition equipment with zero damage or inventory loss.
- Automated vendor dispatch status tracking using custom Python data pipelines.
