Re: Application for Product Operations Intern - Apps & API (Seattle, WA)

Dear Hiring Team at TikTok,

I am writing to express my strong interest in the Product Operations Intern - Apps & API internship at TikTok. Having tracked your work across Developer Ecosystems & Open Platforms, I am excited to contribute my operational leadership, data analytics discipline, and problem-solving rigor to your team.

My verified track record includes directing mission-critical ground logistics for 450+ international delegates at Aero India 2025, managing brand activation supply chains for Puma Sports India with 25% reduced turnaround friction, and achieving a 99%+ accuracy rating on Instawork's AI evaluation platform.

Streamline partner developer onboarding, triage API feedback loops, and design operational playbooks for third-party platform partners.

I am prepared to hit the ground running from Day 1 to deliver measurable impact. Thank you for your consideration.

Sincerely,

Aditya Mehra
BBA International Business (DSU 2026)
