To the Hiring Team & University Recruiting,
Waymo (Alphabet)
Re: Application for Autonomous Fleet Operations & Systems Analyst Intern (Mountain View, CA / Austin, TX)

Dear Hiring Team at Waymo (Alphabet),

I am writing to express my strong interest in the Autonomous Fleet Operations & Systems Analyst Intern internship at Waymo (Alphabet). Having tracked your work across Autonomous Mobility & Robotaxis, I am excited to contribute my operational leadership, data analytics discipline, and problem-solving rigor to your team.

My verified track record includes directing mission-critical ground logistics for 450+ international delegates at Aero India 2025, managing brand activation supply chains for Puma Sports India with 25% reduced turnaround friction, and achieving a 99%+ accuracy rating on Instawork's AI evaluation platform.

Optimize depot turnaround times, sensor calibration throughput, remote assistance dispatch telemetry, and fleet readiness KPIs.

I am prepared to hit the ground running from Day 1 to deliver measurable impact. Thank you for your consideration.

Sincerely,

Aditya Mehra
BBA International Business (DSU 2026)
