ADITYA MEHRA

Global Business Operations & Execution

Bengaluru, Karnataka, India | +91-7003456624 | adityamehra799@gmail.com | LinkedIn Profile

EXECUTIVE PROFILE

Disciplined, execution-focused Business Operations specialist holding a BBA in International Business from Dayananda Sagar University, Bengaluru. Proven track record directing on-ground logistics across high-stakes defense expos (Aero India 2025 at Yelahanka Air Force Station) and 300+ enterprise brand activations (Puma India, Tata Communications, Dyson). Expert in vendor SLA governance, rate card cost modeling, SOP architecture, and automated reporting pipelines. Strictly dedicated to non-sales corporate operations requiring analytical rigor, high accountability, and zero operational downtime.

CORE COMPETENCIES & TOOLS

Operations Management | On-Ground Logistics | Vendor SLA Governance | Process Standardization (SOPs) | Rate Card Cost Modeling | Incident Mitigation | Root Cause Analysis | Stakeholder Communication | Cross-Functional Coordination | Python Automation | Microsoft Excel (PivotTables, Power Query) | Power BI

Tech & Tools: Python, SQL (SQLite, PostgreSQL), Advanced Excel (Power Query, PivotTables, VLOOKUP/XLOOKUP), Power BI Foundations, Git, ERP/CRM Concepts.
Compliance & Standards: Incoterms 2020, UCP 600, Vendor SLA Governance, Root Cause Analysis, STAR Methodology.

PROFESSIONAL EXPERIENCE & OPERATIONS

Operations & Logistics Specialist (Project Lead) — Jan 2024 – Present | Bengaluru

Event Logistics & Vendor Governance Projects

- **Aero India 2025 (Yelahanka Air Force Station):** Led on-ground staging and logistics coordination under strict Ministry of Defence security windows.
- **300+ Enterprise Brand Activations:** Directed execution for Puma India, Tata Communications, Dyson, Apollo, Razorpay, and VH1 Supersonic with 100% on-time delivery.
- **Vendor Governance & Rate Card Cost Modeling:** Formulated rate card benchmarking across AV, staging, and freight vendors; reduced reconciliation latency by 25%.
- **SOP Standardization:** Implemented a 25-point daily operational status and checklist template, eliminating day-of-show logistics discrepancies.

Commercial Research & Operations Intern — Jun 2024 – Nov 2024 | Bengaluru

Pencil Mark Interior Solutions LLP

- Conducted commercial market research across Bengaluru tech corridors, analyzing corporate tenant lease requirements.
- Maintained client CRM records with 100% data accuracy and structured operational follow-ups.
- Analyzed supplier price trends to assist leadership in accurate quotation modeling.

AI Workflow & Data Pipeline Lead — 2025 – Present | Bengaluru

Autonomous Career & Market Intelligence System

- Architected computational pipelines parsing 4,500+ commercial enterprise entities across Bengaluru tech parks into structured relational schemas.
- Designed strict JSON-schema prompt pipelines for text normalization and entity extraction.

EDUCATION

Bachelor of Business Administration (BBA) — International Business — Class of 2026 | Bengaluru

Dayananda Sagar University (DSU) — First Class Standing

Core Modules: International Trade Logistics, Operations Management, Business Statistics, Incoterms 2020, UCP 600, Global Financial Corridors.
Campus Leadership: Managed operational flow and logistics for university summits hosting 1,000+ delegates.

TRACK HIGHLIGHTS & QUANTIFIED IMPACT

- Coordinated on-ground logistics and vendor protocol at Aero India 2025 (Yelahanka AFS) under strict military access windows.
- Directed 300+ operational activations with 100% on-time execution for marquee enterprise clients.
- Architected Excel-based vendor rate card models, eliminating redundant markup layers and cutting reconciliation latency by 25%.
- Built automated Python scripts to streamline daily KPI reporting and operational data synthesis.
